

EVOLŪTA

In a world where outdoor living has become an extension of personal identity, Evoluta introduces a new standard.

Born in Italy, Evoluta brings together architectural thinking, material innovation, and Mediterranean clarity in the creation of outdoor kitchens that are at once sculptural, durable and intuitively functional.

Welcome to Evoluta home.

Timeless form.
Natural strength.

Modern simplicity.

inspired by the Mediterranean

rock.

Monolithic and precise. A design where mass meets minimalism.

The signature Evoluta kitchen – now award-winning.
Clean white volumes meet raw grey concrete for a sculptural presence in any outdoor space.

pop.

Lightness with personality. A youthful take on outdoor cooking, where bold colors and refined textures create a playful contrast. Designed for vibrant gatherings and Mediterranean ease.

jazz.

Effortless rhythm. A kitchen collection with strong horizontality, tactile finishes and serene balance. Jazz adapts to every context – modern, rustic, coastal – with quiet confidence.

EvolutaCONCRETE®

EvolutaCONCRETE® represents the pinnacle of our innovative efforts, a bespoke concrete formulation developed exclusively by our company, reflecting our commitment to sustainability and durability.

This unique material transcends the conventional attributes of concrete, offering an eco-friendly solution for worktops that demands attention in any setting.

Crafted with precision, EvolutaCONCRETE® integrates recycled materials and eco-conscious processes, setting a new standard for sustainable construction materials.

EVOLUTA is a Croatian design studio committed to creating high-end outdoor kitchens and furniture that transcend trends and redefine the experience of outdoor living.

Evoluta was born out of a desire to blend architectural clarity, material innovation, and Mediterranean sensibility into a new design language for exterior spaces. Based in Poreč, on the Istrian coast, we draw inspiration from our surroundings... stone, sun, salt, and shadow... translating them into refined, sculptural forms.

Creating outdoor
spaces that feel
like home.
